Rims	Alloy
Hubs	Alloy, 32H
Spokes	Steel, 14g
Tyres	Giant 2.1"

OVERVIEW

Designed to bring the best of both road and mountain worlds together. Bliss delivers front suspension, on a 26-inch or 27.5-inch wheel size for stability with great traction from wider tyres, and a relaxed riding position that keeps you more upright and comfortable in the saddle. Pedal efficiency, super lightweight design and a sleek setup makes commuting and adding miles to your ride a breeze. Liv's 3F Design Philosophy lets us create bikes that are specifically tuned for female riders, balancing riders properly over the bottom bracket and ensuring they get the most confidence-inspiring position. Integrated dropouts allow you to install a rack or add a kickstand to transform the bike into a capable commuter or weekend adventurer.

KEY PERFORMANCE FACTORS:

Versatility: With Liv's Purpose Driven Design, relaxed style and lightweight ALUXX-Grade Aluminium frame, Bliss is ideal for city roads or around town trails.

Perfect Fit: The LivRight Sizing Philosophy ensures the best fit for women for a truly comfortable ride.

Smooth Handling: A front suspension fork provides the perfect balance of capability and ease.
