OVERVIEW

Designed with trail-friendly geometry, Stance E+ helps beginner or intermediate trail riders experience off-road E-bike riding at its best. Its lightweight, strong and stiff ALUXX SL aluminium frame with FlexPoint suspension makes tricky singletrack trails easier to ride. It features 120mm of rear suspension travel and 130mm up front, plus the stable, nimble ride quality of 29-inch wheels. The SyncDrive Sport motor delivers 350 percent tunable support ratios through the Giant E-bike App. The new RideControl ONE with EVO display compatibility has integrated handlebar support buttons for improved ergonomic control. The EnergyPak 500 battery system lets you extend the ride and now you can charge it up quickly with a newly designed smart charger.

KEY PERFORMANCE FACTORS

Strong motor support: The SyncDrive Sport motor with 70Nm of torque and 360 percent tunable support helps you climb steep, rugged trails with ease.

Total control: ALUXX SL aluminium frame with 120mm FlexPoint suspension and 29-inch wheels produces a smooth, confident ride on technical trails. The Giant E-bike App gives you navigation, health and fitness functions.

Efficient: 500Wh EnergyPak offers the longest possible range. This integrated battery is easy to charge up to 80 percent in 2.5 hours with the new 6A Fast Charger.
