

# Rove

## INTRODUCTION

Main street, side streets or forest trails. Your choices are limitless with the versatile Rove.

## OVERVIEW

Rove is the ideal choice for entry-level riders looking for a fitness, recreational or commuting bike that can go on dirt or road riding adventures. Using Liv's 3F Design Philosophy, it's constructed with a lightweight ALUXX-Grade Aluminium frame with added standover height for stability and confidence. The Rove features a plush suspension fork, which can be locked out for efficiency riding on smooth pavement or flipped open for off-road excursions. Featuring plenty of frame clearance for knobby tyres, a low-rise handlebar and a wide range of gears, this bike is a confident choice for weekend exploration.
